Safety Advisory Group

The Safety Advisory Group (SAG) is made up of senior officers from all the emergency services (police, fire and rescue, ambulance, NHS Trust) as well as the City Council, Cambridgeshire County Council and other relevant organisations.

The group meets regularly to **consider forthcoming events and to give advice to organisers**.

If you're planning to hold an event which involves a large gathering of people, the Safety Advisory Group (SAG) would like you to provide details about the event. This will allow the group to assist with the planning and provide you with advice on a range of issues including safety, street closures and licences that may be required.

The group is chaired by this council.
