Banners

[Guide to road closure signs, direction signs and banners \(bristol.gov.uk\)](#)

If you want to put a temporary banner on railings next to a road, you need to call the Planning Enquiry line on 0117 922 3000 – **if your banner is over A2 in size. Without permission, it will be removed.**

Banners cannot be:

- **Over A2 in size** – unless you apply for planning permission as above
- put up on a foot or road bridge, or another highway structure
- put near a pedestrian crossing or junction if it's going to affect visibility
- about general advertising

You need to fix your banner using strong cable ties. You should cut off any extra cable tie to prevent injury to passers-by.

We take down banners that aren't approved or are in places they aren't allowed. **You cannot place banners on privately-owned land.**
