

Notice of No Objection:

Engagement & Pre-Wedding Photography

FilmFixer allows pre-wedding and engagement photography to take place at Chiswick House and Gardens free of charge, and with no objections, provided the following rules and regulations are strictly adhered to:

- Wedding photography is not allowed at Chiswick House and Gardens unless the wedding is taking place at Chiswick House and Gardens.
- Pre-wedding and engagement photography must not include any wedding attire whatsoever.
- The party (including the photographer, crew, and those being photographed) must not exceed 5 people.
- Only minimal handheld equipment is allowed (handheld camera, tripod, handheld lights). No drones, generators, HMI or other large lights, dolly and track, jibs, cranes, etc. are allowed.
- Photography is only allowed in the Gardens and is not allowed inside the House, on the stairs of the House or in the Conservatory.
- The photos taken are used for personal use only, and not for any commercial use (including use in magazines and paid social media).
- This Notice of No Objection does not allow exclusive use of the location and the public cannot be asked to move.
- This Notice of No Objection does not supersede any commercial permits issued to production companies. Unfortunately, without applying for an official permit at commercial rates and providing insurance and a risk assessment, we are unable to guarantee that the location will be vacant. Parties conducting engagement or pre-wedding photoshoots will be required to vacate the area if their selected location clashes with a production company's permit.
