

FILM PARKING AT THE OLD ROYAL NAVAL COLLEGE

Below is plan of the ORNC grounds with the areas indicated are the parking areas we offer for vehicles associated with filming on site. Use of vehicles onto site **must** be agreed with the Estate Operations Manager prior to their arrival.

The length of the parking areas is shown on the plan. The small red lines indicate an area of 1.5 metres that should be left clear as an emergency exit route from the buildings, the red circle indicates the turning area for buses and the red line by Visitor Centre indicates a no parking area. This area should be kept clear at all times. Vehicles can only park on one side of the road to allow access for emergency vehicles. Double parking in these areas is not allowed.

Please note that on shoot days, we do not allow access for any personal vehicles unless previously agreed with the Estate Operation Manager. All unit cars and minibuses are for drop off/pick up only. We have had real issues recently with drivers of unit cars and minibuses causing huge congestion on site by either waiting after drop off or arriving early for collections. If the parking situation is deemed unreasonable at any time, the Foundation reserves the right to refuse access to any further vehicles until resolved to the satisfaction of Foundation staff.

The measurements are not indicated, and film companies should visit the site prior to filming to ensure they can fit vehicles into the allotted space.
